Mr. James C. Paton
Executive Director
Breast Cancer Prevention Fund
P.O. Box 1508
Everett, WA 98206

Dear Mr. Paton:

Thank you for the very generous grant donation of \$100,000.00 to be used to provide technology for our Mobile Mammography Vehicle. The Breast Cancer Prevention Fund's support is greatly appreciated and we are honored to accept this grant.

As you know, we fund only equipment, programs and services not paid for by the County of Ventura. Since 1956 – over five decades, the role of the Ventura County Medical Resource Foundation is to support people less fortunate in our community. Your support of the Ventura County Medical Resource Foundation is extremely important to our success in providing the Mobile Mammography Project to the underserved and uninsured women in our community.

Recognizing that every day many people in Ventura County face obstacles to accessing health care, the Foundation seeks to enhance availability, quality and excellence of health care services for families who need it most.

Thank you once again for your commitment, kindness and caring.

Sincerely,

A handwritten signature in blue ink that appears to read "Vicki".
