Mr. Jim Paton
Breast Cancer Prevention Fund
Post Office Box 1508
Everett, Washington 98206

April 23, 2008

Dear Mr. Paton:

On behalf of all the women we are serving in the current program year due to your donation of \$250,000 during 2007, we thank you and your team for all the hard work and dedication that went into raising these funds. We also want to thank all of the people who donated.

As you know, we have a system in place to serve uninsured or underinsured women, ages 40-64, throughout the state. With your generous donation, we project that we will be able to provide up to 12,817 mammograms to women living in Washington. This is 1,303 more than were provided last program year.

We appreciate your deep concern about women who were not being screened for breast cancer that led you to take the initiative to start the Breast Cancer Prevention Fund.

We are grateful for all your support and look forward to a continued partnership with you and your organization.

Sincerely,

Pama Joyner,
Acting Unit Director
Cancer Prevention and Control Unit
Washington Breast and Cervical Health Program
